Marilyn Berger

**Monday, May 3rd
7:30 p.m.**

**Scarsdale Public Library
Scott Room**

Passionately written by journalist Marilyn Berger, *This is a Soul* is the moving and inspiring story of Dr. Rick Hodes, an American doctor living in Ethiopia, who has devoted his life to caring for the sickest of the sick and the poorest of the poor. Dr. Hodes's life and work makes for fascinating reading, especially for those who have been profoundly touched by Tracy Kidder's *Mountains Beyond Mountains* and Greg Mortenson's *Three Cups of Tea*.

"Eminent journalist Marilyn Berger's chance encounter in Ethiopia with a severely disabled child begging on the streets of Addis Ababa proved life-changing for both. This is a Soul is a fascinating, richly moving and emotionally powerful book." - Henry Kissinger
